EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Harry Shubin on May 3rd, 2004.

The application has been amended as follows:

In claim 1, line 6, --the presence or amount of-- was inserted at the end of the line after "indicative of".

In claim 2, line 8, --the presence or amount of-- was inserted after "indicative of".

Claim 3, line 11, -- to indicate the presence or amount of said analyte— was inserted after "substances".

The following is an examiner's statement of reasons for allowance: The prior arts fail to teach a process for qualitative and/or quantitative detection of analytes in a liquid and/or solid phase homogeneous immunoassay, comprising determining remanence magnetization in said homogeneous immunoassay of a stable or quasi-stable ferromagnetic or ferromagnetic substance bound to said analyte, wherein said homogeneous immunoassay has been contacted with said ferromagnetic substance, whereby said substance binds to the analyte, and the presence of such magnetization is indicative of the presence or amount of the analyte.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Pensee T. Do whose telephone number is 571-272-0819. The examiner can normally be reached on Monday-Friday, 7:00-3:00.
